Currently income exceeds expenditure for the year. However, the August income includes the \$1,000 grant from Council, of which \$180 has now been spent; and Quarter 2 includes \$506.50 from the raffle and \$48 from gold coin donation for the concert. Without these, our income would be less than our expenditure at this time.

We need to remember that the grant cannot be used for the weekly sessions and is quarantined for workshops.

The forward projections following show the relationship between income and expenditure reversing so that for the remainder of the financial year, expenditure will exceed income.
